

## CLOSE RACE FOR THE NATIONAL PENNANT

The race for the National league pennant this year is one of the closest and most interesting since 1906, when it took the last game of the schedule to decide the winner.

Philadelphia broke even with the Braves yesterday, losing the first game by a 4 to 1 score and winning the last game by a 2 to 0 score, while Brooklyn gained a one game lead by beating New York 2 to 0.

## WEATHER SUMMARY FOR MONTH OF SEPTEMBER

The monthly meteorological summary for September issued by H. Legler, the local observer for the weather bureau of the United States, shows that there were 362 hours of sunshine, or 98 per cent, establishing a record for Tonopah.

The highest temperature was 82 degrees on the 1st and the lowest was 39 degrees on the 11th. The greatest daily range was 30 degrees on the 11th. Precipitation for the month totaled .17 inches. The total wind movement was 6193 miles. The prevailing direction was from the northwest and the greatest velocity, 34 miles an hour, was attained on the 9th. The only miscellaneous phenomenon recorded was a thunder storm on the 22nd. The month consisted of 26 clear days, three partly cloudy and one cloudy.

## "DELAYED IN TRANSMISSION"

A. H. Keenan, Republican candidate for public administrator, accompanied by Mrs. Keenan, returned last evening from a trip to Manhattan, Round Mountain and Millett. He says that the return trip was made with difficulty owing to the storm. There are places in Smoky valley that have been converted into lakes, and on the Manhattan summit the fall of snow was heavy. The observer for the government, two miles from Millett, recorded .57 of an inch of precipitation Saturday night, which was simply preliminary to the real storm.

Highest temperature yesterday, 43; lowest this morning, 28.  
Highest temperature a year ago, 71; lowest, 41.  
Total precipitation for the storm, .58 of an inch.

## CONFISCATORY DECREE RECEIVES OPPOSITION

(By Associated Press.)

ATLANTIC CITY, N. J., Oct. 3.—A committee representing fifty mining and smelting companies operating in Mexico protested today to the American members of the Mexico-American joint committee against what they called "confiscatory decrees" in that country, and urged the return to the old methods of taxation.

William Loeb, Jr., representing the American Smelting and Refining company, headed the delegation. The other members were: Perry Bruers, American Metals company; D. J. Hauff, Phelps-Dodge company; George Young, Greene Cananea Copper company; Chas. Early, United Smelters, and Julian W. Beatty, American Metals company. It was the first time that witnesses have appeared before either the American or Mexican commissioners.

In the mass of statistics submitted to the American commissioners was a statement showing the decrease in the output of metal since 1912. According to these figures the output in 1912 was: Silver, 33,000,000 oz.; gold, 243,000 oz.; copper, 74,000 tons; zinc, 46,000 tons, and lead, 48,000 tons.

The figures for the first six months of 1916 were given as: Silver, 6,000,000 oz.; gold, 380,000 oz.; copper, 22,000 tons; zinc, 11,000 tons, and lead, 3,000 tons.

**CHARGED WITH FORGERY**  
An Elko dope fiend recently ran out of dope and walked into a store where he secured a blank check and while the proprietor was watching him and without any attempt at concealment, he made the check out to himself and signed the name of an Elko firm. The man who had watched him make out the check trailed him and prevented him from having it cashed. The dope fiend was arrested. He gave many strange reasons for his act, but the authorities consider that he was insane from want of dope and willing to take any means to secure money to purchase more.

## DON'T BUY ANCIENT BREAD SHIPPED IN

I would not buy strange, dry, squeezed bread, when I can buy bread of superior quality in every respect. The Progress and Vienna Bakery bread is rich in flavor and is made of the choicest eastern flour, and is heavier and goes further than any imported bread. We are always ready for any order for pastry of any kind equal to that made in any city. We can serve a large banquet as easy as a small banquet.
